Elizabeth-

It is helpful to know what you would like to discuss. For a few of the listed items (e.g., phosphorus), it will be a challenge to pull all the right staff people together to provide a complete update. At the very least, this meeting will continue the dialog.

We will see you soon.

Head to the middle elevator and exit at the 14th floor. If the receptionist is still there, ask for me. If she is not there, please call 312-886-6666 and someone will meet you at the door.
